REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Newly found reference Iguchi, et al. There is no disclosure nor suggestion of the limitations of the allowed claims "at least a dense region and an isolated region" nor "an optimal flow percentage of fluorine containing gas into said plasma processing chamber...said optimal flow percentage of said fluorine containing gas being selected to leave a substantially uniform thickness of said photo resist ...".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
